

Series X4M Micro Burner Modulating

TECHNICAL INFORMATION

- n **X4M- 400** inputs 100 to 400 MBH
- n UL, UL-C and ANSI tested. (pending)
- n Natural and L.P. gas firing
- n Compact Belimo modulation motor
- n 4:1 Turn down on X4M-400

- § **X4M-700** inputs 100 to 725 MBH
- § UL, C-UL listed and CSD-1 controls available.
- § Natural and L.P. gas firing
- § *New* lower initial gas pressure requirements of 6.0" W.C. inlet supply pressure
- § Compact Belimo modulation motor
- § 7:1 Turn down on X4M-700

- **Precise Combustion Inlet Control** -
- § Over lapping damper blades provides tight air control
- § Direct drive damper connection
